Adam,

Here is TPC's Stormwater Discharge Permit. The pdf naming convention is misleading, it is the most recent permit issued in September 2016.

Regards,
Mike

Good morning Kevin,

Attached to this email is Other Requirement No. 5 from the draft permit with language added to it to accommodate a discharge large enough for sample collection.

Language in Tables 1, 2, and 3 of Other Requirement No. 5 were not changed because collection of these four sampling events is dependent upon discharge from the facility.

If the draft permit has been reviewed, there are no further comments, and it is acceptable please reply that "the draft permit is acceptable as written".

If you have any questions please feel free to call.
Thank you,

Russell Peck

Good morning Mr. Harren,

Attached is a pdf version of draft permit no. WQ0004840000, for TPC Group LLC's TPC Group Port Neches facility, mailed April 13, 2016, so that you may begin your review. Please submit comments for the draft permit no later than COB April

27, 2016. Instructions for comment submission are included in the mailed draft, which you should receive early next week.

Please feel free to contact me with any questions or concerns that arise during the review.

If you have any questions please feel free to call.

Thank you,

Russell Peck
